## EXPLANATORY NOTES.

1. AN. HOM. = Anno Hominis = The year of the Era of Man, reckoning from the year of the Creation of Adam onward.
2. B.C. = The year of the Era before Christ, reckoning from the year B.C. 1 backward.
3. Bible Dates = The years of the dated events of the Old Testament according to the testimony of the Hebrew Text.
4. Ptolemaic Dates = The years of the dated events of past history, according to the Received Chronology, based on Ptolemy's Canon.
5. In Tables I and II, the Ptolemaic Dates are, in the opinion of the Author, 82 years higher than the truth, the real equivalent for the year AN. HOM. 1 being, not B.C. 4124 as given in Table I, but B.C. 4042.
6. In Table III, the Ptolemaic dates do not represent the view of the Author.  
For the period between the Old and the New Testament Records they represent the Received Chronology adopted by Clinton and modern Chronologers generally.  
For the period of the New Testament Records they represent the Chronology adopted by Andrews in his *Life of our Lord*.
7. The Author does not determine the date of the birth of our Lord, but he regards the Crucifixion or the Cutting off of the Messiah as having taken place, in accordance with the prophecy of Daniel, 483 years after "the going forth of the commandment to restore and to build Jerusalem" in the first year of Cyrus, AN. HOM. 3589. Hence the Bible Date for the Crucifixion will be the year AN. HOM. 4071, and if our Lord began His ministry at the age of 30 and was crucified at the age of 33, the Bible Date for the birth of our Lord will be the year AN. HOM. 4038.

Therefore begun 3/5/20 Artaxerxes. Neh. 7 <sup>3</sup> City broad on both sides and great. People few. Houses not builded, that is the genealogies of the various houses were not yet completed. 3635	32nd year of Darius. Neh. 13 <sup>6</sup> In -/32 Artaxerxes (=Darius), Nehemiah returned to Babylon after spending 12 years as Pekah at Jerusalem. Here follows an interval of "certain days" probably 1 year. Cp. Gen. 4 <sup>3</sup> , 27 <sup>43</sup> , 29 <sup>24</sup> , 1 Sam. 2 <sup>1</sup> , 27 <sup>7</sup> , 2 Sam. 14 <sup>28</sup> , 1 K. 17 <sup>7</sup> . Hebrew <i>yamin</i> days=1 year. During this interval of one year, and in the absence of Nehemiah:— (1) Eliashib [who "before this" (Neh. 13 <sup>9</sup> ), i.e. before the Revival of Religion during Nehemiah's 12 years residence in Jerusalem, was allied to Tobiah (Neh. 13 <sup>4</sup> , 6 <sup>17-18</sup> ), and who, during the Revival of Religion under Nehemiah, had been appointed to the oversight of the Temple Chambers (Neh. 12 <sup>44</sup> ), where "soretime" (viz. during the Revival of Religion, during Nehemiah's 12 years' residence in Jerusalem), they kept the consecrated offerings (Neh. 12 <sup>44</sup> )] desecrates the Temple by preparing for Tobiah a great chamber in the Courts of the Temple (Neh. 13 <sup>9</sup> ). (5) Heathen marriages are contracted (Neh. 13 <sup>23</sup> ). (6) The Jewish language is corrupted by the offspring arising therefrom (Neh. 13 <sup>24</sup> ). At the end of this interval of "certain days," probably one year:— (1) Nehemiah obtains leave of the King and comes to Jerusalem (Neh. 13 <sup>31</sup> ). (2) He deals summarily with Tobiah, putting his furniture into the street (Neh. 13 <sup>7-9</sup> ). (3) He restores the Temple services (Neh. 13 <sup>31</sup> ), cp. Mal. 1 <sup>7-24</sup> . Clinton's dates are based on Ptolemy's Canon. Ptolemy's Canon is based on the conjectural Greek Chronology of Eratosthenes, the Father of Chronology. The Chronology of Eratosthenes is based, not upon historical data, testimony, evidence or proof, but upon his subjective estimate of the probable length of the reigns, generations and successions of Kings, Ephors and Priestesses in early Greek history. In any case it is only an approximate and an uncertain estimate. According to the prophecy of Daniel it is 82 years longer than the Truth.
33			According to Ptolemy, AN. HOM. 1 = B.C. 4124. According to Daniel, AN. HOM. 1 = B.C. 4042. A difference of <u>82</u> years.
4038	=date of actual birth of our Lord, Dec. 25, B.C. 5 (See Andrews' Life of our Lord).		
4	Add 4 years to B.C. 1.		
4042	=B.C. 1; and AN. HOM. 1 = B.C. 4042.		The present year of the world, A.D. 1913, is: According to Ptolemy, 4124 + 1913 = 6037. According to Daniel, 4042 + 1913 = 5955.
